

# This is Our Planet Poem

This is our Earth,  
This is our planet,  
So clean our home.

Pick up the garbage from  
the ground,  
Rake when you can,  
Our future is in our hands,

This is our Earth  
This our planet  
So clean our home.

Reduce  
Reuse  
Recycle

This is our Earth,  
This is our planet,  
So clean our home.

In this image I'm  
cleaning our home.  
Imagine our planet  
not being clean.  
What would happen  
to all the animals?  
What would happen  
to our Earth?  
Let's all help out.
