

PA Day Agenda

Date: September 26, 2025

Audience: Student Achievement Planning, Data Analysis & Literacy and Mathematics Focus

Location: Various Locations (School-Based)

Audience: All Education Staff

Length: Full Day

Presenter(s): School Principals, Central Board Staff, Heggerty, Knowledgehook, and Growing if Faith Growing in Christ Educators

Description:

School teams will dedicate focused attention to their Student Achievement Plan. Administrators will collaborate with school staff to establish clear, achievable goals aimed at improving student success in mathematics, literacy, engagement, well-being, and belonging.

Staff will meet in person to analyze student achievement data (e.g., EQAO results, initial fall assessments, school climate data) and use this information to set goals for their School Improvement Plan while identifying high-impact practices to support these goals.

Educators will also engage with targeted literacy (Bridge to Writing Grades 1-3), math resources (Knowledgehook Grades 1-8) and Religious Education (Growing in Faith Growing in Christ (Grade 9) to strengthen instructional practice.

All board staff will also focus on furthering their understanding of cyber security to help foster safe and responsible digital learning environments for students.
