PA Day Agenda

Date: October 20, 2025
Topic: Math
Location: Various Locations (School-Based)
Audience: All Education Staff
Length: Full Day
Presenter(s): School Principals, Central Board Staff, EQAO Team

Description:

On this PA Day, secondary staff will engage in professional learning focused on supporting school improvement and student success. In the morning, facilitated by principals and program leaders, staff will participate in breakout sessions on aligning curriculum and assessment with expectations, applying Universal Design for Learning to meet diverse student needs, and instructional strategies. In the afternoon, all staff will participate in cybersecurity training and align curriculum across grades working together to improve student achievement.
